April 1, 2019

Happy Spring Everyone!

It's been a very long winter and we are so happy to see the snow melting! We are also very excited to see everyone and start the 2019 Boating Season!! Below is some information we'd like to share. Please call or drop a note with any questions or feedback. We'd love to hear from you!

## Open House

You and your family are invited to our 2<sup>nd</sup> Open House Sunday, May 26, 2019.

Food & Beverages

Music

New boats and motors and pontoon boats in the water available for test rides

Fishing Seminar from Muskie Fisherman Bob Benson

Women of the Water Seminar from Founder Emily Schwanke

U.S. Coast Guard Auxillary Safety Inspections from Tom & Sue Thurlow, Houseboat Owners/USCG

Auxiliary Members

Hope you can make it!

## Updates around the Marina

Areas of the store got a facelift this winter. We're excited for you to experience the changes. The "old Parts Room" now has a small sitting area for your use; whether you're waiting to pick up guests, logging into the internet, or just taking a break. We invite you to check it out and make yourself comfortable. There is also a little retail space as well as a much needed storage area.

The office also received a much needed update! Fresh paint, new carpeting, room dividers and a makeover of the internet/server wiring. It feels great!

Now here's some really big news. The bathrooms and showers will be up and running this summer. We will still have the outhouses, but real bathrooms with flush toilets! 1926-2019, it only took 93 years☺.

## RV Sites

We have one seasonal RV Site available for the 2019 season.

FYI, there are two short term RV sites.

## First Launch of the Season

It won't be long and the ice will be off the lake and the boating season will be upon us. We are really looking forward to seeing everyone, seeing open water and another season at the marina! If possible, we greatly appreciate at least a week's notice before your first launch of the year, especially if it's Memorial Weekend.

## **Summer Crew**

Help Wanted-Dock Staff, Part Time Store Staff

We have a solid crew started, but still have an opening on the docks and part time in the store.

Scott will be on the docks again as well as Ryan, who started part time last summer. His family has a cabin on Crane Lake. First timer, Scott from New York will also be on the docks this summer.

In the store, new comer, Caitlin from Arizona will be joining us. Another new face in the store a little later in the summer will be Grace, but not new to the area. Her family has a cabin on Sandpoint Lake. Also in the store, part time and familiar face, Mary Beth will be back. JoAnn and I will be there too☺.

The service and sales department is status quo this year with Greg, John, Nick, Dave and Jeff. Joe will continue to hold down dock building and helping where ever he can. Randy will continue to keep the yard looking good. We're super excited to say our John will be returning the end of summer, sometime in August!

## **Credit Cards**

As a retailer it can cost more than 3% to run a credit card. Keying in credit card numbers over the phone is the highest cost of accepting credit cards. With that being said, if you choose to charge and receive monthly statements, we would like to ask you to please pay your monthly statements with a personal check, money order or cash. We will no longer accept credit card payments over the phone. We're sorry for any inconvenience and appreciate your understanding.

We will continue to accept credit cards for payment at the time of purchase or before you depart the lake to head back home.

Thank you for your understanding and please call with any questions or feedback.

We appreciate your continued business and are super excited to see you and your families for the 2019 Season!

Jeff, Lori and the Crew
